Head Quarters	Gandhidham (Kutch)
Founding Year	1977
Number of Employees	350
Subsidiary Companies	5

About RaCorr Pack:

Company Name	RaCorr Pack Pvt Ltd
Founded	2021
Regd. Office	405 Campus Corner, St. Xavier's College Cross Roads, Navrangpura, Ahmedabad – 380009
Manufacturing Unit	Survey No 613, Opp Gallops SEZ, Nr Amneal Pharma, Sarkhej – Bavla Road, Bavla, Ahmedabad – 382220
Plant Area:	220,000 Sq Ft

WHY US

We have a head full of boxes, an eye for detail, a nose for business & an ear always to listen.

Experience

- The culmination of 45 years of Industrial Experience in this field of serving to multiple clients with varied background, and in depth technical know-how of *Crafting a good quality corrugated box*, giving practical solutions to problems arising in packaging, as providing cost reduction suggestions, is what helps us connect with clients and retain them on a long-term basis.

Expertise:

- Our strong Forte has been dealing with MNC's, FMCG's, Food Industries, understanding their JIT requirement, having the plant requisites of 5S, GMP, Hygiene, Process Controls, SOP's & Effective Management to provide on time the required quality of boxes.

Attention to Detail:

- An eye for creating and managing a robust infra-structure for detailing to the minute point and challenge in a corrugation packaging plant.

Strategic Location:

- Located on the GOI declared Special Investment Region (SIR), Ahmedabad – Rajkot Highway, the plant is strategically located to be able to cater to a 1,000 Km periphery around the Ahmedabad region, where the Gov. of India has planned massive industrial development.

Ease of Doing Business:

- Consistency & Transparency.
- The flexibility being offered to clients along with value added solutions.

Back Up Plant:

- Having an international class plant as your Back Up plant gives us a huge advantage to be able to cater to any emergency/contingency.
- Also the experience of dealing with different clients of the other plant is always a bonus when you are improving the overall client experience, or if you are dealing with entering any new industry.

SOME OF OUR ESTEEMED CLIENTELE

INFRASTRUCTURE:

Plant Area	220,000 Sq. Ft
Built Up Area	120,000 Sq. Ft
Daily Production Capacity	150,000 Boxes/Day
Per Month Production Capacity	2000 MT/month
Per Year Production Capacity	25000 MT/Annum
Raw Material Storage Area	2000 MT Kraft Paper (2 months of inventory)
Finished Foods Storage Area	700,000 – 800,000 Boxes (15 days of inventory)

RAW MATERIAL SUPPLIERS:

Some of the Domestic Kraft Paper:	Astron Paper West Rock Paper Gayatri Shakti Laxmi Paper Mills Are some of the few amongst the many suppliers we are procuring regularly from
Some of our Import Kraft Paper Suppliers:	Smurfit Kappa – Sweden Stora Enso – Finland International Paper – USA Georgia Pacific – USA Mondi – Poland

Apart from the Kraft Paper Suppliers, we are also associated with multiple vendors for Raw Material & Engineering Items – which are some of the best in the industry.

BACKGROUND & COMPANY HISTORY:

From a very small yet humble roots, the first-generation entrepreneurs initiated the footsteps in the packaging field in 1977.

Plant 1 – Asean Box Corporation – Established in 1977.

That was the very first domestic setup established in Gandhidham (Kutch) with a view to catering to the Oil Industries and other Refineries/MNC's located near the Kandla port.

Plant 2 – Expo Packaging (Kandla SEZ) – Established in 1981.

Gradually, another unit was setup in Kandla Special Economic Zone for 100% exports to Gulf/Middle East Countries.

Over the course of years, business expanded and the client requirement demanded the setup of another plant in Ahmedabad to be able to logistically cover a 700 – 800 KM radius for further supply

Plant 3 – Big Box Containers Pvt Ltd – Established in 2009.

With the vision of the 2nd generation entrepreneurs and the tutelage/guidance of the elder generation entrepreneurs, this state of the art plant with an investment of Rs. 45 Crore was established to purely cater to the giant MNC's/FMCG's and to give them the feel of procuring boxes from an international level supplier. Most of the giants packing users in the 800 KM periphery were being catered by this unit.

Plant 4 – Asean Box Corporation, Unit II – Established in 2015.

With the development of Mundra Port, ease of exports, as well as further development in the area in the Kutch region, the business demanded further expansion and Asean Box Corporation – Unit II was established with an investment of Rs 80 Crore being roped in to create another state of the art plant, and to cater to the ever-growing need of the box packing requirement – domestically as well as internationally.

Among the very few players in India to have established 2 plants on such scales at that time.

Plant 5 – Asean Pack, Label Division – Established in 2017.

The corrugated box clients had a huge requirement of stickers/labels and required services under a single roof. It would facilitate them in doing the ease of business, when being catered to by the same management – and thereby Asean Pack was created to continue our services to the ever-growing client basis.

2019 – When everything changed.

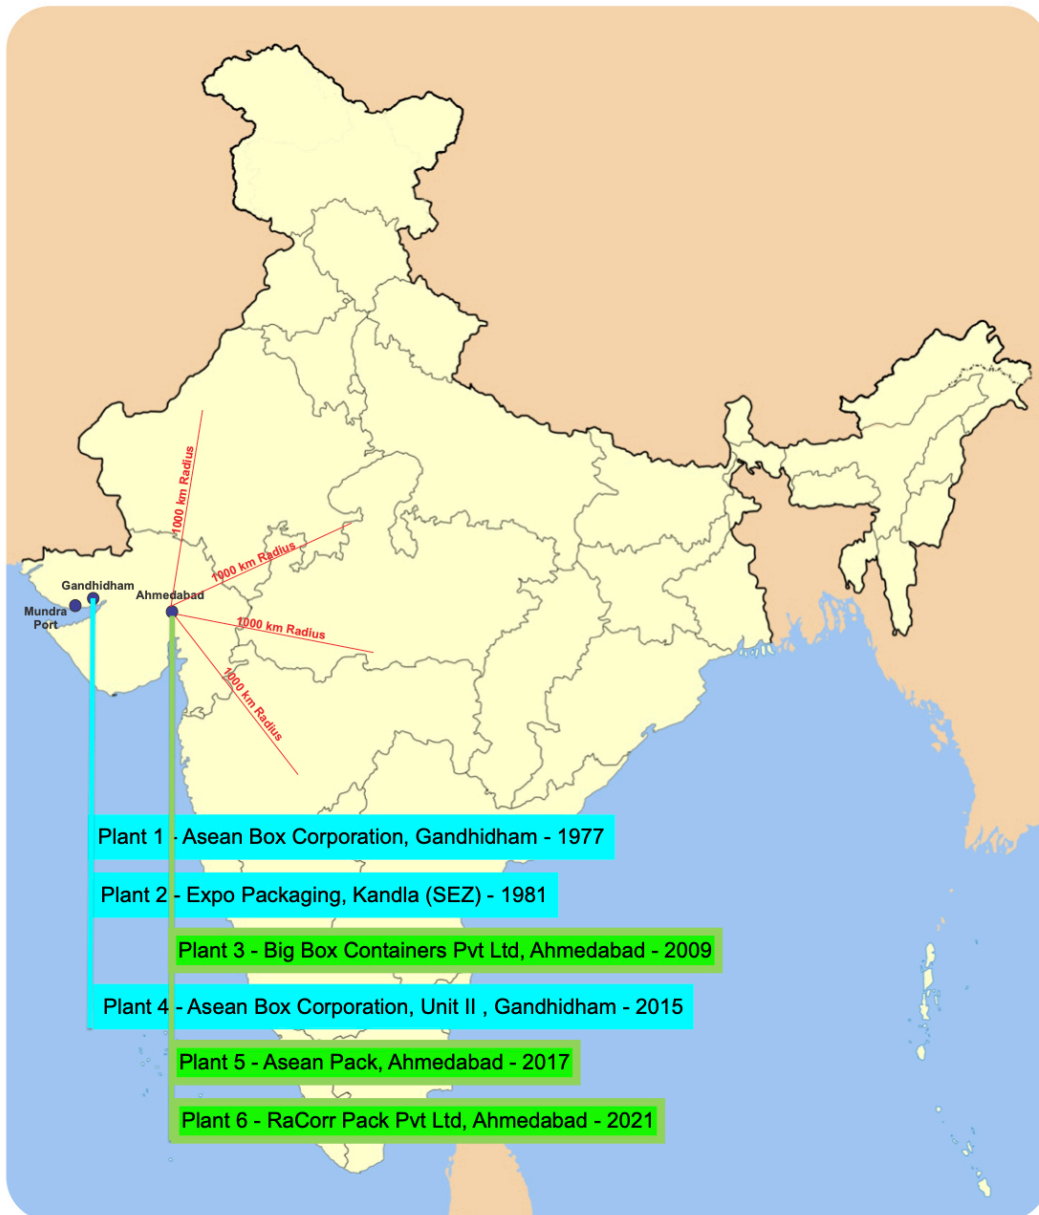

- Just a year before the 2020 pandemic hit the world, there was a massive fire in our Ahmedabad Plant, which went on for more than 15-20 days.
- It destroyed our plant, but not our spirits.
- It took a while, but the fire within us kept raging and therein goes the making of our latest project – RaCorr Pack Pvt Ltd.

Plant 6 – RaCorr Pack Pvt Ltd – 2021

We know only to excel at one thing – Crafting Good Quality Corrugated Boxes.

With experience behind us and the right network of the right resources & Supply Chain, after being in this field for more than 45 years, we are setting up RaCorr Pack with an investment of further Rs 50 Crores, and a state of the art plant, to once again serve to the same faith put in by our customers prior to the fire accident.

TIMELINE OF OUR PLANTS & PRESENCE IN WESTERN INDIA:

- **Plant 1 – Expo Packaging – Corrugated Box Manufacturing Unit**
- **Plant 2 – Asean Box Corporation – Corrugated Box Manufacturing Unit**
- **Plant 3 – Big Box Containers Pvt Ltd – Corrugated Box Manufacturing Unit**

MACHINERY DETAILS:

Corrugation Line: Fully Automatic 5 Ply Line

No of Ply	3 Ply and 5 Ply both can be manufactured
Machine Size	2200 mm
Machine Speed	200 m/min
Flute	A, B, C, Flute
Board Thickness	5 Ply Board (7 mm) & 3 Ply Board (4 mm)
Automatic PLC System which can store up to 5,000 Jobs	
Daily Production (Tons)	100 MT
Daily Production (No of Boxes)	200,000 Boxes (Each Box weighing approx. 500 Gram)
Country of Origin	China

Printing Machine: 4 Color Printer Slotter Die Cutter with Counter Stacker

No of Printing	4 Color High Resolution Flexo Printing/CMYK Printing
Machine Size	1400 mm X 2800 mm
Machine Speed	10,000 Sheets/Hour
Die Punch Boxes	Ability to Punch Single/Multi Color Die Punch Boxes
Counter Stacker	The sheets can be directly counted and bundled also without any manual intervention.
Automization	The sheets can be directly counted and bundled also without any manual intervention
Automatic PLC System which can store up to 9,999 Jobs	
Daily Production (No of Sheets)	120,000 Sheets (12 Hour Shift)
Country of Origin	China

Gluing/Stitching Machine: High End Fully Automized Folder Gluer cum Stitching Machine

Machine Size	1200 mm X 2900 mm
Gluing Speed	10,000 Sheets/Hour
Stitching Speed	4,000 Sheets/Hour
USP	Can perform Gluing/Stitching very effectively and efficiently decreasing flap gap issues
Daily Production (No of Sheets)	120,000 Sheets (12 Hour Shift)
Country of Origin	South Korea

Palletizer Strapper

Palletizer Size	1000 X 1200 mm
Strapping & Palletizing Boxes for exports	

RaCorr

Ancillary Machines

- Automatic Strapping Machines
- Creasing Rotary/RS-4 Machine for Plate/Partition Making
- Pasting Machine for Offset Printed Carton Supplies
- Punching Machine for Honeycomb Partitions

Utilities

- Atlas Copco Compressor
- 4 Ton Boiler
- RO Plant
- STP Plant
- 24 Hour Hours Surveillance Cameras

Fire Safety System

The entire plant is completely guarded with C-Class Pipelines, Fire Extinguishers, and Fire Hoses to guard the premises in the case of Fire.

There is a separate workforce and Safety Guidelines provided to facilitate the employees in case of an emergency at the plant.

CERTIFICATION/ACCREDITATION

ISO 9001:2015	BRCGS-6 (Food Grade Certification)	FSC (Forest Stewardship Council)
		
SMETA	SEDEX	
		

QUALITY TESTING EQUIPMENTS

- Compression Testing Machine (Fully Automatic & Computer Controlled)
- Bursting Testing Machine (for both Board & Paper)
- Paper GSM Testing Equipment
- Moisture Testing Equipment
- Caliper Tester
- Weigh Scales
- Vernier Caliper

UNDERLINING THOUGHT OF THE COMPANY'S VISION:

Strive in delivering a Quality Product – Do it *consistently* and with *Transparency*
Everything else will take care by itself.

It would indeed be our privilege in being associated with you to cater to your packaging requirements as a reliable and consistent Corrugated Box Supplier and would look forward to be able to take care of your packaging challenges with our experienced team of professionals.
